Redistribute Surplus Bread to Welfare Homes and Families

Did you know? 14,600kg of bread is saved from the bins every month through Food from the Heart's Bread Run programme. That works out to about 730 supermarket trolleys worth of bread!

About This Progr

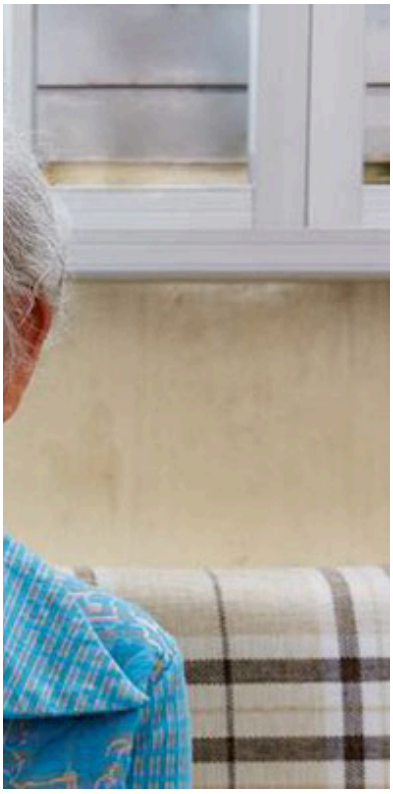
The **Bread Run** programme aims to fee
need with safe-for-consumption bread
otherwise have been thrown away.

The programme strives to achieve an e
between food surplus in the retail secto
is needed within the community.

It is organised by Food from the Heart a
by an intricate network of partners who
bread, volunteers who can deliver the b
community partners who pass on the b
beneficiaries.

How it works: Bread Collection

1 / 4



"We're distributing delicious leftover buns from a local bakery, offering our students a convenient snack or breakfast. As our youths prepare for their N-level examinations, this treat provides a much-needed boost, especially for those who enjoy a hearty start to their day. Thank you Food from the Heart, for this wonderful initiative."
