Free Food for All is an IPC-registered food charity committed to addressing food insecurit access to tasty and nutritious food to vulnerable individuals and families regardless of rac

Free Food For All was founded on 4 November 2014 with a simple mission - to ensure that no one goes hungry. What began at Darul Aman Mosque, where we shared humble meals of nasi lemak, otah-otah and bananas twice a week quickly grew into something much greater.

From those early days of giving, a movement was born - one rooted in compassion, dignity and community spirit. Today, Free Food For All has evolved into a network of impactful programmes reaching diverse communities across Singapore. We continue to fight food insecurity, reduce waste and bring hope to every table, one meal, one story, one act of kindness at a time.

Who We Serve

We have grown exponentially and served over 144,000 beneficiaries to date.
We strive to provide nutritious meals completely free of charge to help those in need and empower them to lead healthier lives.

How may I help?

Donate

Homeless individuals or those living in interim housing
